BIENVINIDO JAMES M. PUBLICO

Web Developer | SEO, AI Tools, Research, QA
San Pedro, Laguna, Philippines | 0992 233 6236 | publicojamesmangao25@gmail.com
GitHub: github.com/JamesMangao | Portfolio: bjp-portfolio.vercel.app

PROFESSIONAL SUMMARY

Web developer with hands-on SEO experience (meta tags, XML sitemaps, Google Search Console) and daily use of AI tools (ChatGPT, Claude, Gemini, Perplexity, Ollama). Shipped live applications that integrate AI providers through REST APIs. 500 hours of IT support built checklist-driven QA, clear documentation, and structured troubleshooting. Fresh graduate seeking a Junior AI Search Generalist role.

SKILLS

SEO & Discoverability: Meta Tags, XML Sitemaps, Google Search Console
AI Tools: ChatGPT, Claude, Gemini, Perplexity, Ollama (local AI), AI provider REST API integration
Research, QA & Support: Diagnostics, checklist-based testing, documentation, troubleshooting, end-user support
Web Development: Laravel 12, PHP, MySQL, React 18, TypeScript, JavaScript, HTML5/CSS3, Tailwind CSS, Alpine.js, Firebase, Supabase, Flutter, REST APIs
Tools: Git, GitHub, VS Code, Render Deployment | **Languages:** JavaScript, TypeScript, PHP, Python, Java, C++, Rust

PROFESSIONAL EXPERIENCE

IT Technician Intern (500 Hours) - Milestone Computers Laguna, San Pedro, Laguna

- Diagnosed and resolved 10+ hardware/software issues weekly across desktop and laptop systems, minimizing client downtime and repeat visits.
- Assembled and performance-tested PC builds against quality checklists before client handoff, reducing returns due to hardware defects.
- Delivered end-user technical support with clear, structured troubleshooting, improving client satisfaction and repeat trust in the shop.
- Installed and configured operating systems, drivers, and software, ensuring consistent performance and fewer post-setup support calls.
- Performed preventive maintenance on client systems, cutting recurring technical failures and extending hardware lifespan.

PROJECTS

Parish Website - Catholic Parish Management System (Ongoing) | sto-rosario-parish.onrender.com

- Implemented on-page SEO (meta tags, XML sitemap) and monitored indexing and search performance through Google Search Console.
- Built a Laravel 12 / Supabase portal covering mass intentions, events, gallery, bulletins, and inquiries, with batch status updates and automated email notifications, replacing manual paper-based coordination.
- Shipped an AI-powered chatbot with live-agent handoff and a bilingual (English/Tagalog) daily-readings feature sourced from the USCCB and Evangelizo APIs with automatic fallback.
- Engineered role-based access control (Super Admin, Staff, SocCom) and PayMongo online donations with channel-specific payment routing (GCash/Maya, QR, bank transfer).
- Deployed on Render's free tier; cut memory usage via paginated queries and eager loading and set up uptime monitoring.

LifeVault - AI-Powered Reflection & Personal Growth Platform | lifevault-182e.onrender.com

- Lead Developer (team of 3): built and deployed a full-stack Laravel 12 app (Blade, Alpine.js, Firebase) as the team's finals deliverable.
- Shipped a 13-page platform (Dashboard, Journal, Tasks, Goals, Insights, Community feed) on Firebase Authentication, Firestore, Realtime Database, and Storage.
- Integrated three AI providers via REST APIs to power an AI chatbot and a Resume Analyzer (Tesseract OCR/Poppler), delivering automated, personalized feedback.

PCFixAI - Intelligent PC Repair & Diagnostics Desktop App (August 2026) | github.com/JamesMangao/PCFixAI

- Solo developer: shipped a Windows desktop app (Tauri 2 / Rust backend, React 18 + TypeScript) from v1.2.0 to v1.4.0 with 30+ system tools and optional local AI via Ollama, plus a rule-based offline fallback.

EcoCycle - Smart Recycling Reward System (Capstone) | Flutter, Laravel, MySQL, Firestore, IoT

- Full-stack and mobile developer: built a Flutter app (reward tracking, QR scanning, redemption, history) and a Laravel/MySQL admin dashboard, integrated with an IoT recycling bin for real-time data exchange.

EDUCATION

Bachelor of Science in Information Technology - Lyceum of San Pedro | Graduated May 2026 | Deportment Award Recipient
